WE ARE METAL

are

Markus Radola

Timo Lehmann

We Are Metal was founded on 03.02.2007 by Timo Lehmann and Markus Radola.

As we are pissed off by the attitude of some Metal-Fans for years, like: 'I listen to Black Metal only, no Black Metal is shit, Death Metal rocks and Hard Rock is on top of shit', we had to call a project to life that is just Metal.

We don't give a fuck for the business-machinery who's telling you which songs will be on your next album, but just do what we want to:

METAL!!!

As this is based on the love to music and not on commercial intentions all songs can be downloaded for free!

Metal should be ONE great scene, not split up into thousands!!!
